

QMS22 Carbon Reduction Plan

Supplier name: **Love Medical Ltd**

Publication Date: **13/10/2025**

Commitment to achieving net zero:

Love Medical Ltd is committed to achieving Net Zero by 2045. We recognise the urgent need to decarbonise healthcare supply chains and align our strategy with NHS sustainability requirements and UK Government policy.

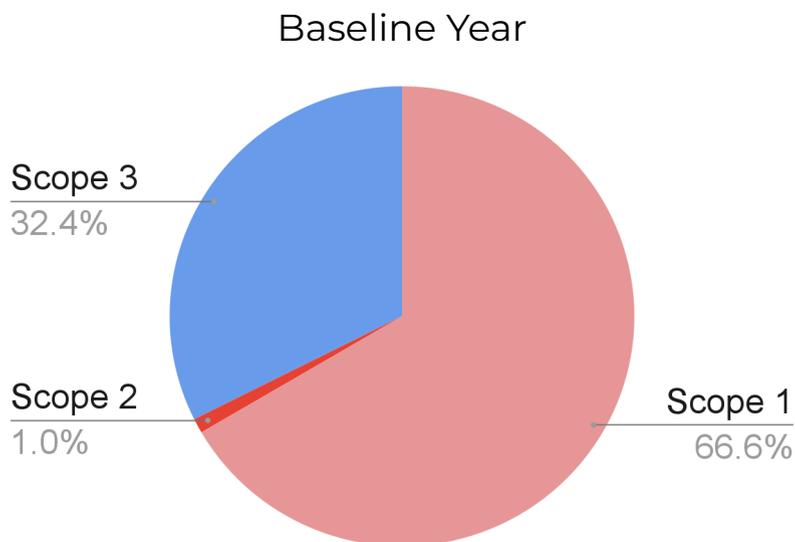

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases produced prior to the introduction of targeted carbon reduction strategies. They form the reference point against which future reductions will be measured.

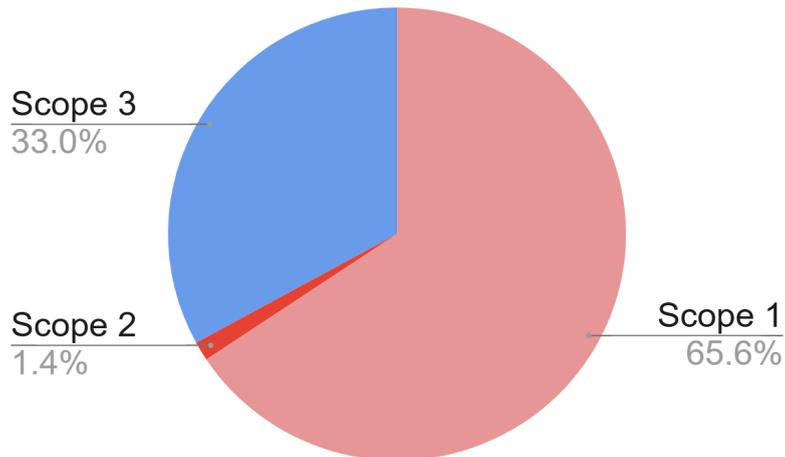

Baseline Year	2023
Additional Details relating to the Current Emissions calculations.	
<p>Subset of Scope 3 categories include:</p> <ol style="list-style-type: none"> 1. Upstream transportation and distribution 2. Waste generated in operations 3. Business travel 4. Employee commuting 5. Downstream transportation and distribution <p>Note; for subsections 1 and 5 we have used a spend based method to determine the tCO₂e.</p>	
Baseline year emissions:	
Emissions	Total tCO₂e
Scope 1	20.76
Scope 2	0.32
Scope 3 (see sources above)	10.10
Total Emissions	31.18

Reporting Year	2024-25
Additional Details relating to the Current Emissions calculations.	
<p>Subset of Scope 3 categories include:</p> <ul style="list-style-type: none"> 6. Upstream transportation and distribution 7. Waste generated in operations 8. Business travel 9. Employee commuting 10. Downstream transportation and distribution <p>Note; for subsections 1 and 5 we have used a spend based method to determine the tCO₂e.</p>	
Baseline year emissions:	
Emissions	Total tCO₂e
Scope 1	17.6
Scope 2	0.37
Scope 3 (see sources above)	8.84
Total Emissions	26.81

Sources of Total Emissions

Reporting Year (2024-2025)

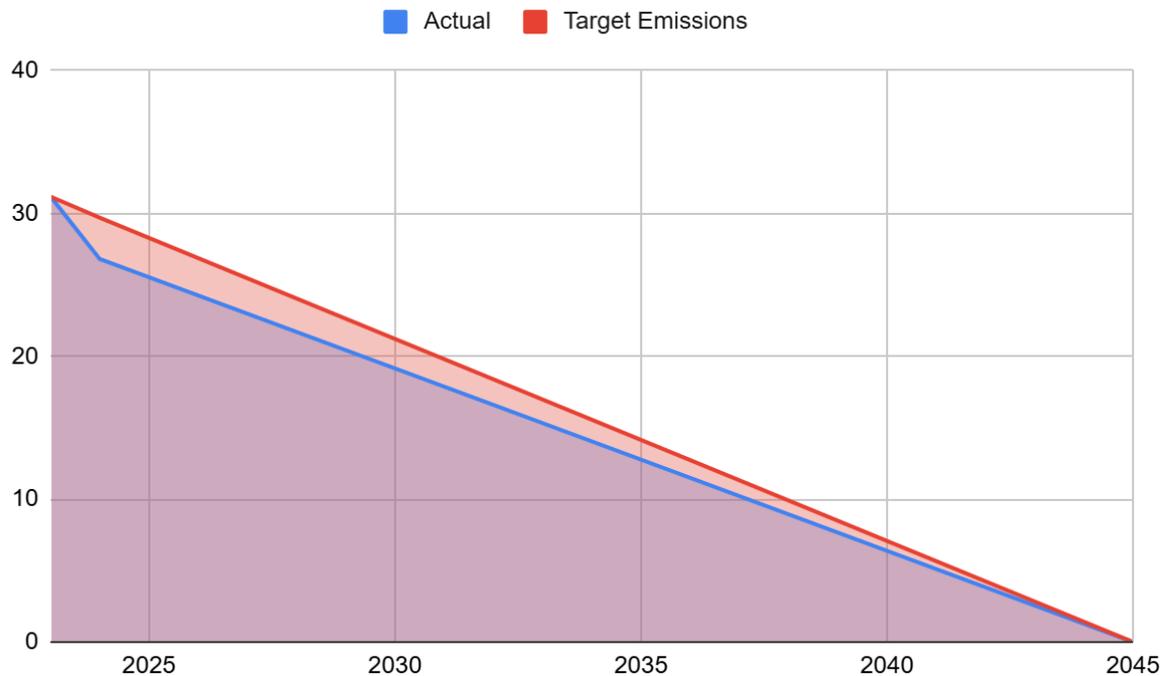

Emissions Reduction Targets

We are committed to continuous reduction of greenhouse gas emissions and to expanding the accuracy and scope of our reporting. Our approach includes:

- Working with suppliers and logistics partners to secure higher quality Scope 3 data
- Expanding Scope 3 coverage to include additional categories (e.g. capital goods, purchased goods & services)
- Increasing transparency by adopting standardised data collection tools and methodologies

Target: Reduce reported emissions to 26 tCO₂e by 2030, an 18% reduction from our new baseline.

Carbon Reduction: Projected vs. Actual

Carbon Reduction Projects

Completed Initiatives since 2023 baseline:

- Partnership with Ecologi to explore carbon removal projects
- Modernisation of company car fleet with more fuel-efficient models
- Installation of timers for electrical equipment in offices
- Increased use of virtual meetings to reduce business travel
- Consolidation of shipments to reduce logistics emissions
- Transition to a paperless order tracking system
- Use of a carbon neutral waste removal service

Planned Initiatives:

- Annual investment in accredited carbon removal/offset projects
- Gradual fleet transition towards electric vehicles (EVs), subject to infrastructure feasibility
- Improved waste segregation and recycling to further reduce disposal-related emissions

- Engagement with logistics partners on low-carbon distribution options
- Continuous staff training on sustainable business practices

Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standards for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard and uses the appropriate Government emission conversion factors for greenhouse gas company reporting.

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard.

This Carbon Reduction Plan has been reviewed and signed off by the Managing Director.

Signed on behalf of the Supplier:

Name: Julian Syson
Position: Managing Director

Date: 13.10.2025
